

Bosch Manufacturer's Guarantee

BOSCH
Invented for life

All Bosch Power Tools are carefully checked, tested and are subject to the stringent controls of Bosch Quality Assurance.

Bosch therefore offers a guarantee for Bosch Power Tools. Your warranty claim based on your sales contract with the retailer, including your statutory rights, shall not be affected by this guarantee.

We offer a guarantee for these tools in accordance with the following conditions:

1. Our guarantee in accordance with the following provisions (nos. 2 - 7) provides for the correction of deficiencies to the tool, at no charge, if it can be verified to the satisfaction of the Bosch Service Centre that the deficiencies were caused by a material or manufacturing fault within the guarantee period.

2. The guarantee period varies depending on the use of the tool:

- For Bosch power tools (excluding all T-Edition range of Bosch power tools, measuring tools) used for commercial / professional purposes it is 6 months; this may be extended to 12 months if registered on the appropriate Bosch web-site (see below)
- The guarantee period begins from the time the tool is purchased from new. The starting date is the date on the original sales receipt from the power tools dealer.

For all Bosch power tools bought on or after 01.01.2010 (with the exception of all T-Edition range of Bosch power tools, measuring tools, lawn and garden tools, high frequency tools, air tools), the guarantee period shall be extended to 12 months if you register these tools within 8 weeks after the date of purchase. Battery packs and battery chargers as well as supplied accessories are excluded from this guarantee extension. Registration can only be made via internet under www.bosch-pt.com.cn/warranty. The confirmation e-mail, which has to be stored and/ or printed out immediately, and the original receipt of purchase that displays the date of purchase, are necessary to validate any claim. Registration shall only be possible if you agree to the storage of the data entered (conditions of use will be explained on the site).

3. The guarantee does not cover:

- Components that are subject to natural wear e.g. o-ring, carbon brush and other consumables and tear and wear of bearing and gear caused by use in accordance with operating instructions
- Defects in the tool caused by non-compliance with the operating instructions, improper use, abnormal environmental conditions, inappropriate operating conditions, overload or insufficient servicing or maintenance.
- Defects caused by using accessories, components or spare parts other than original Bosch parts.
- Tools to which changes or additions have been made.
- Slight deviations from the specified quality that do not affect the value and functionality of the tool.

4. Defects recognized by us as being covered by the guarantee shall be corrected either by means of repair of the faulty tool free of charge or by replacement with a tool in perfect working order (this may possibly be a later model). Retained tools for which a replacement has been provided shall become our property.

5. The guarantee claim must be lodged within the guarantee period. This requires the submission or sending of the complete tool in question with the original sales receipt, which must indicate the purchase date and the product name, to the retailer or to one of the Bosch Service centers or Authorized Service Centers named in the Operating Instructions. If a claim is made within the 12-month guarantee period based on the above mentioned registration, the printed e-mail confirmation must also be submitted. Partially or completely disassembled tools cannot be submitted or forwarded in the case of a guarantee claim.

BOSCH

Invented for life

6. Claims other than the right to correction of faults in the tool named in these guarantee conditions are not covered by our guarantee.

7. Services provided under guarantee do not lengthen or renew the guarantee period for the tool.

The above guarantees apply to tools that are bought and used in China.
